

NNGTS MAINTENANCE PROGRAM - YEAR 2012					
No.	NNGS POINT	DESCRIPTION OF WORKS	TRANSMISSION CAPACITY RESTRICTION	PERIOD OF WORKS	MAINTENANCE DAYS
1	Exit Point "VFL"	Pipeline rearrangement	Available Transmission Capacity at Exit Point "VFL": 0.00 MWh/Day	February - March	2
2	Entry Point "SIDIROKASTRO"	Valves subtraction and fitting	Available Transmission Capacity at Entry Point "SIDIROKASTRO": 91,000.00 MWh/Day	May	4
3	Entry Point "SIDIROKASTRO"	Valves subtraction and fitting	Available Transmission Capacity at Entry Point "SIDIROKASTRO": 91,000.00 MWh/Day	September	2

Note:

Maintenance works dates at the upstream transmission network of Russian Natural Gas to the Balkan region and Turkey that limit the quantity of Natural Gas to the Greek - Bulgarian border:

- a) April 9 - 15 (7 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 72,751.66 MWh/Day
- b) May (10 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 83,144.75 MWh/Day
- c) May (5 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 93,537.84 MWh/Day
- d) June (10 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 103,930.94 MWh/Day
- e) June 11 - 20 (10 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 88,341.30 MWh/Day
- f) July 3 - 6 (4 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 69,633.73 MWh/Day
- g) August 7 and 10 (2 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 20,786.19 MWh/Day
- h) August 8 and 9 (2 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited to 0.00 MWh/Day
- i) August 11 (1 maintenance Day): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 10,393.09 MWh/Day
- j) August (10 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 103,930.94 MWh/Day
- k) October 1 - 15 (5 maintenance Days): the quantity of Natural Gas to the Greek - Bulgarian border is limited up to 83,144.75 MWh/Day
